Prof. (Dr.) Kishore Kumar Das, is a distinguished academician, researcher, and academic administrator with over three decades of rich experience spanning industry, teaching, research, and institutional leadership. Currently serving as Professor and Dean, School of Commerce & Management, Ravenshaw University, he has made outstanding contributions to the advancement of commerce and management education in India.

He holds an M.Com. from Utkal University and a Ph.D. in Commerce from F.M. University, along with professional qualifications including MBA (Finance), LLB, M.Phil., and PGDFM. Beginning his career in the finance sector with M/s J.K. Synthetics Ltd., he later joined the Odisha Education Service and subsequently became an integral part of Ravenshaw University in 2010. Over the years, he has successfully held several key administrative positions such as Registrar, Controller of Examinations, Dean, Head of the Department, Chief Warden, Professor-in-Charge (Development & Legal Affairs), and OSD-Examinations, contributing significantly to academic governance and institutional development.

A prolific scholar, Prof. Das has authored 38+ books and published more than 100+ research papers in reputed national and international journals. He has supervised 34 Ph.D. and 30 M.Phil. scholars, reflecting his deep commitment to research mentorship. He has also led major funded research projects as Principal Investigator and actively serves as an external expert for universities and autonomous institutions across India.

His academic excellence has been widely recognized through prestigious honours such as the IFERD Academic Excellency Award (2025), Malay Mohanty Academic Leadership Award (2024), and Guru Vashishtha Award (2023), along with several Best Paper Awards at national and international forums.

An active member of global academic networks, he is an IUC Associate Fellow at IAS, Shimla, Royal Fellow (FRIOSD), President of the Orissa Commerce Association, and a fellow/member of several reputed professional bodies. His areas of expertise include **Finance, Accounting, long-term finance, and emerging human resource dynamics, where he continues to contribute through impactful teaching, research, and policy engagement.
