About ICSSR

The Indian Council of Social Science Research (ICSSR), New Delhi was set up by the Government of India in 1969 as an autonomous organization in order to review, promote, encourage, assist and coordinate social science research in the country. ICSSR advises the Government of India on all matters pertaining to social science research as a measure to promote its utilization.

About Ravenshaw University

Ravenshaw University came into existence on the 15th day of November, 2006. It was an up-gradation of Ravenshaw College established in 1868, one of the oldest and largest colleges in India which subsequently became an autonomous college and was accorded CPE status by UGC and 'A' grade by NAAC. It has a legacy of 150 years as a College and is proud to have trained some of the best minds. And yet, it is a young University which is hardly 16 years old. Formal transition is complete; but the transformation is yet to take shape. The old is in the process of giving way to a new institution, not simply in name, but also in its philosophy, outlook and objectives. We are striving to carry on the legacy of Ravenshaw, while at the same time, laying the foundations for a first rate research university.

Ravenshaw University is the first university in the State of Odisha to have earned 'A' accreditation in the very first visit by National Assessment and Accreditation Council (NAAC). Bolstered by the distinction accorded in recognition of the university's contribution to research and teaching, Ravenshaw University has embarked on an even more ambitious programme of research by setting up two Centres of Excellence: 1) Centre for Environment and Public Health and 2) Centre for Odishan Studies. Four more independent Research Centres have also been set up: Centre for Aurobindo Studies and Futurology, Centre for Translation and Digital Humanities, Centre for

Women's Studies and Centre for Bioinformatics and Computational Biology. Plans are afoot to set up a few more specialized centres of research in the university's magnificent Greenfield New Campus, spread over about 124 acres, at the head of Mahanadi Delta in Naraj.

About the Department of Education

The Department of Education caters to both liberal and professional programmes in Education. The Department of Education of erstwhile Ravenshaw College was established in the year 1943. It is one of the oldest Departments in India to start Education as a liberal discipline at under-graduate and post-graduate level. However, as a University Department of Education, its inception dates back to 15th November, 2006. The Department at present runs liberal courses like, B.A. (Education Elective), B.A. (Education Honours), M.A. and Ph.D. in Education. From 2016, the Department runs Teacher Education Programmes like Four-Year Integrated B.A.B.Ed and B.Sc.B.Ed which have been recognized by National Council for Teacher Education (NCTE), New Delhi. The research focus remains on the priority areas of Quality Management in Education, Indigenous Knowledge System and Sustainable Development, Innovative Pedagogical Practices, Development Education and Empowerment of Tribal Community. The department is well equipped with robust instructional as well as infrastructural facilities. The department is a part of World Bank Project of the Government of Odisha under the Odisha Higher Education Programme for Equity and Excellence (OHEPEE). The other research grants have been received from the funding agencies like ICSSR,UGC, ERIC-NCERT,PMMMNMTT,Govt of India.
